

ELECTRIC SWEAT

Electric Sweat was founded in 2010 in Bad Ischl/Austria

Their music style is simply Rock`n`Roll influenced by their role models AC/DC, Rose Tattoo and Airbourne.

So far the band has produced and published their own single record and EP.

They are also represented on the worldwide known sampler compilation called "Wildstyle & Tattoo Music – The ultimate Tattoo Sound Part 1" with bands like Motörhead, Doro and Quiet Riot etc.

On this compilation you can hear a guitar solo written and recorded by Rob Holliday/The Prodigy/Marilyn Manson especially for their song.

In 2015 the band retreated from show business.

But now, in 2021 they are back in a brand new lineup.
