Approval to this Rider by Promoter

Date & Signature

THIS RIDER IS PART OF THE CONTRACT. IT HAS TO BE SIGNED AND RETURNED AT LEAST 2 WEEKS BEFORE SHOW.

GENERAL PROVISIONS

Band & Crew

3 musicians: Willy (vocals/guitar), Joe (bass), Felix (drums) 1 bus driver/merchandiser

2 of 5

Parking

We need a safe and legal parking spot for our van

Hotel/Hostel

We need one or two rooms with enough beds for everyone.

All rooms must have access to shower and toilet.

Breakfast should be included.

Merchandising

We need a table at least 1m x 1,5m near the entrance or by the stage with a wall behind it to hang up our t-shirts and with 1 middle-european power-outlet delivering 230 Volts INCLUDING any power/plugconverter that might be necessary for your country

Backstage

We will need a preferably lockable room with enough space for all of us.

Please provide mirror & enough towels & a toilet.

No one will be allowed in the dressing area either prior, during or after performance without artist approval!

Upon Arrival/ Load-In

- A platter of cold cuts (cheese, ham, salami, etc.) and some bananas
- Coffee & tea, milk and sugar,
- Enough bottled water
- Enough beer for the evening (don't make us buy at the bar!)

Dinner

We need a good warm meal for everyone, no Junk food!

ELECTRIC SWEAT

3 of 5

Please serve dinner after the soundcheck and at least 2,5 hours before stage time.

Buyout Option

If dinner is not provided we need a buyout of EUR 15,00 per person, and please provide a list of restaurants in walking distance to the venue. If there are no restaurants in walking distance, make sure you have a list of restaurants where we could order something.

On Stage

- 3 bottles of non-carbonated water and 3 towel

Stagehands / Staff

We need at least one sober and experienced stagehand for load in, setup and load out. We need a competent sound-engineer and light-engineer familiar with the equipment and inhouse electricity from get-in until the end of the show. The band will require 15-30 minutes of soundcheck. We play at least 100dba on stage!

PA

We need a at least 3 way PA-system with powerful subs. The PA should be adequate to the size and capacity of the venue. Capable of sustained 110db(A) at the Front Of House mix position and providing even dispersion around the whole audience area. The system needs to be hum, buzz and crackle free.

2 multiple 230V SCHUKO power outlets on stage for music equipment. See STAGE PLOT for position.

MIDDLE-EUROPEAN-STANDARD IF NECESSARY FOR YOUR COUNTRY.

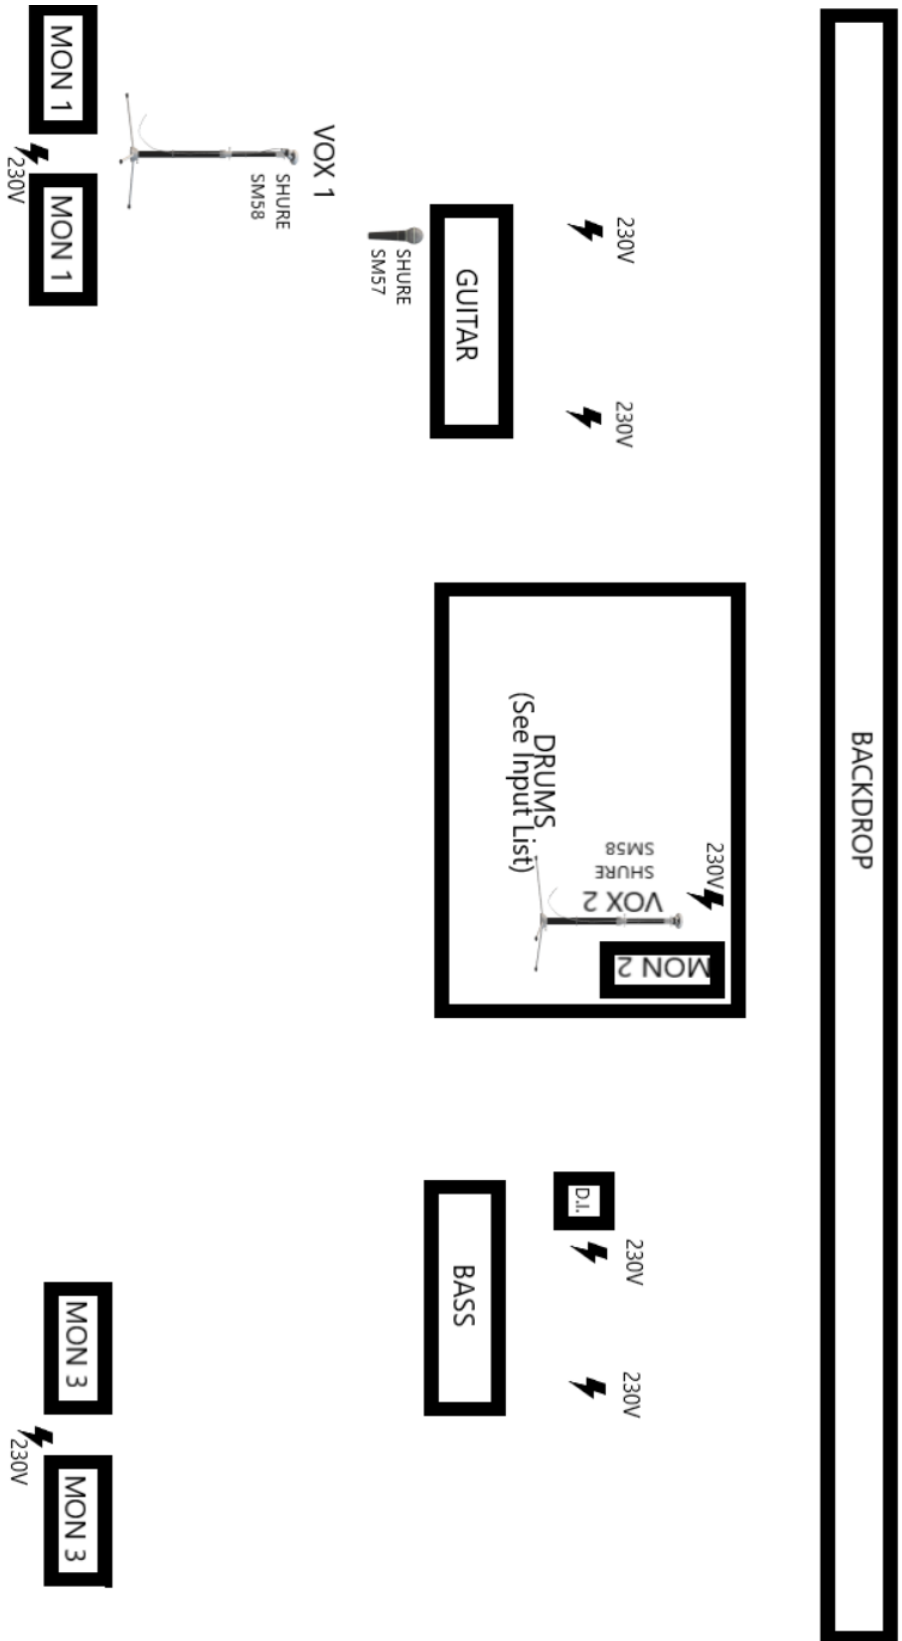

General

In addition to the existing lights we provide lights for our individual lightshow.

Again, thank you very much for your cooperation & looking forward to the show!
